

# The future is built with smarter operations

Accelerate your professional development and unlock immediate results for your organization through 50+ collaborative and educational sessions

## High-Impact Value

- 01 **Thought Leadership**  
Bring your organization the latest insights from physical operations experts and innovators.
- 02 **Hands-on Learning**  
Sharpen your skills with the latest Samsara tech and share your feedback with our team.
- 03 **Industry Networking**  
Engage with peers and partners while tapping into the largest community in Connected Operations™.

“Samsara Beyond was fantastic. Meeting with other municipal fleet leaders was a great way to discuss common problems. And the Samsara team was receptive to our ideas for future products.”

**Richard Devesty**  
Director of Fleet Operations, City of Syracuse

“The first conversation I had was worth the price of admission. The knowledge shared, the trial and error, from someone in the same environment is so valuable.”

**Michael McDonald**  
VP, Compliance & Risk, Axion Logistics

## Results-Focused Agenda

### Mainstage Keynotes

Embrace the future with confidence. Insights from guest speakers and exciting product announcements from Samsara leaders will inspire and equip you to transform your operations.

### Educational Workshops

See how tech is helping operations leaders tackle industry challenges. Dive into new Samsara innovations and get practical tips from some of the world's most complex operations.

### Pro Courses and Certifications

Roll up your sleeves during expert-led hands-on workshops designed to take your professional skills to the next level.

### Exhibitions and Networking

Connect with other leaders in our 36,000 sq ft Expo Hall, expanded Tech Showcase, networking groups, and during first-class entertainment.
